Village Trustees Establish Site of Hall, Fire House

Adjourn Meeting Until Jan. 21 Because of Absence of Attorney

A resolution establishing the proposed new village hall and fire station on the west 85 feet of lot 13 in the Simons addition, known as the hotel, or parking lot, was passed by the village board Tuesday evening.

The space, subject to amendments, will accommodate a building with a 65-foot frontage and 10-foot side-walks, and will leave approximately 100 feet of Orchard st. frontage and a full frontage on Main St., for future business buildings.

The board speculated on whether this spare ground could be sold without a referendum, the opinions of the village attorney and others differing.

Because George McGaughey was not present, further matters concerning building project and the improvement of the sewage system could not be taken up, and the board adjourned until Tuesday, Jan. 21, when it is expected that the attorney will be present to guide the legal transactions.

The approval by the state department of publicworks of the sewage system was read and steps will now be taken to make the \$31,000 improvement through the issuance of revenue bonds, the cost will be amortized over a period of years.

Blair Phillips of the White Phillips bond house, Chicago, was present to offer the services of his firm in preparing any bond issue the village might choose.

A bill for \$1,240.65 for preparing plans and specifications for the sewage disposal improvements was filed by H. B. Bleck, engineer. The Federal Works Agency has agreed to pay for half of the engineering expense up to \$731.50 and the state the other half, so the bill is cared for.

L. D. Powles Appointed Deputy Village Clerk; Building Permit Sought

L. D. Powles was appointed deputy village clerk at clerk's salary to serve during the absence of Clerk Roy Murrie, who is ill. Murrie's salary will continue.

Although it was necessary to adjourn the meeting for two weeks because of the absence of the village attorney, there was plenty of minor business transacted and Powles was kept busy during his first session with the board.

The board received a request from Contractor Emil Hallways for permission to make alterations to the Frostee 'Sno' building, establishing dormer windows and improving second story space for storage.

It was explained that the company will be forced to vacate its storage space in the Archie Mapletorpe garage building next door March 1, and is seeking to find added space in its present building.

Trustee Stearns, the fire chief and the building contractor will investigate and confer and report to the board.

Legion Auxiliary Plans Interesting Discussion At Meeting Friday Night

The legislative and national defense programs of the American Legion and Auxiliary will be discussed Friday at the meeting of the Antioch unit of the American Legion auxiliary by Mrs. Anton Johnson, legislative chairman, and Mrs. Edward Frazier, in charge of the unit's national defense activities.

The meeting will be held at 8 p. m. in the Legion home.

Ten resolutions regarding Legion sponsored legislation will be presented and the Legion's national defense program calling for universal military training will be discussed.

The Legion has a 12-point program calling for national defense on air, land and sea, acquisition and maintenance of bases and development of military intelligence and scientific research.

Forty members attended the Christmas party at the Legion home on Dec. 27. Bingo was played, and refreshments were served by Mrs. Ben Miller and her committee.

Income Tax Report Help Provided at Farm Bureau

As a convenience to farmers, arrangements have been made by Farm Adviser Ray T. Nickolas, to have a representative of the Internal Revenue Department at the Farm Bureau office, Grayslake, today and tomorrow to assist with 1946 income tax returns.

Farmers who desire assistance in filling out their 1946 forms should bring along with them all necessary information in order to save time and allow a greater number of farmers to obtain assistance, Nickolas said. There will be no charge for this service.

Sequoits Lose to Bears 44-38 in Matinee Game; Play Northbrook Friday

Ela High took a six-point lead in the first half of the matinee game here Wednesday and maintained it to win from Antioch 44 to 38.

The Bears are still undisputed leaders of the Northwest conference having gone undefeated.

The Sequoits had trouble getting started in both halves. The Bear assumed a nine-point lead in the first quarter but the fighting Sequoits outplayed them in the second quarter to bring the score to 16 to 22.

The same thing was repeated in the second half, Ela gaining a 14 point lead at the end of the third quarter, and Antioch outplaying them in the fourth.

Two of the Antioch players and three of the Ela players went out on personal fouls.

Kraft led the Sequoits in the scoring with 17 points and Seeman and Grever shared honors for the Bears with 13 each. Antioch made the greater percentage of her foul goals, but just couldn't connect on under the basket scrimmage shots.

Antioch will play Northbrook there Friday evening.

Ela's fortune was evidenced in the Junior Varsity game which the visitors took in an overtime period 31 to 29. The score at the end of the regular playing period was 29-all. The game was nip and tuck throughout. Tied at the first quarter 10-all the Bears were ahead 16 to 15 at the half and had a five-point margin at the end of the third quarter.

Lions Club Entertains Well at Installation

An outstanding social event of the year was the installation meeting of the Lions club Monday evening at the Pasadena Gardens.

It was ladies night and the guests were treated to excellent entertainment following a turkey dinner. Each woman received a rose corsage.

Strolling singers entertained the 170 diners during the serving, and afterwards a floor show of five acts was of the best. A woman contortionist and an acrobatic team dealing in comedy, a mind reader, and a team of vocalists gave a two-hour performance of an outstanding nature.

C. K. Anderson served as installing officer in placing Roman Vos, president and his staff of executives in office.

With The Sick

E. Elmer Brook, who underwent a major operation in Milwaukee two weeks ago, is convalescing at his home on Lake Street.

Archie Mapletorpe is confined to his home.

Meet This Evening

The regular meeting of the Order of Eastern Star will be held in the Masonic hall this evening. Harriet Davis, worthy matron, has requested that all officers be present.

First 1947 Child at Woodstock
Judy Anne Lockinger, daughter of Mr. and Mrs. John Lockinger of Wonder Lake, was the first girl born at the Woodstock hospital this year. She arrived at 4:20 a. m. Jan. 1.

Antioch Township Got \$1,439.12 from Fund For Infantile Paralysis

Kufalk Again to Head Drive In March of Dimes on Last of Month

Antioch received many times over the amount the community paid into the fund of the National Foundation for Infantile Paralysis in 1946 according to the report made to local chairman, Roy I. Kufalk by Joseph P. Daly, chairman of the Lake County chapter.

Antioch received \$1,493.12 in contrast to its contribution of \$247.33. Kufalk was informed. This provided for certain expenses of Antioch township cases, most of which were in the Channel lake area.

Daly asked Kufalk to serve again as community chairman for the drive this year. He was first appointed in 1941 and has served yearly since.

"In last year's campaign, you and your committee did a wonderful work in raising funds to carry on this work, the amount spent justified the effort you put forth, and without your help we would not have been able to accomplish what has been done in your community and others in our county," Daly wrote.

A meeting of chairmen is scheduled for Friday evening at the post office in Waukegan when plans will be made for the annual drive the latter part of this month.

In the past Antioch has obtained contributions through containers placed about the city and in collections made at local theatres.

Sequoit Papooses Beat Central in Overtime Tilt

In an overtime game the Antioch grade school team won from Central of Libertyville at the Sequoit gymnasium Tuesday evening 29 to 26.

Antioch was trailing 5 to 14 at the half, but in the final minute tied the score at 26-all. In the overtime period the boys held Central scoreless and made three points.

The Antioch second team also won, but with a more decided score.

Antioch will play Rockland of Libertyville here Tuesday night and then will go to Libertyville Thursday night to play the return game.

List New Donors To Rescue Squad

New donors to the Antioch Rescue squad fund, which is to be used for the purpose of new equipment and general expenses in connection with the service rendered by the squad, include Albert Tuttle, C. R. Keulman, Chas. N. Ackerman and Kate Dornier.

F. J. Arnold, secretary of the Squad Fund committee, stated today that the steadily rising total of money being donated indicates that residents of the community appreciate the fine service which has been provided by the squad.

Plans and specifications for the new motive equipment to be purchased by the squad are now in the making, and although no definite time for delivery of the new truck has been set, it is believed that it will be in service sometime during the year.

Sgt. Samuel Klass Home After 2-year Service

Sgt. Samuel Klass, son of Mr. and Mrs. O. S. Klass arrived in New York, Dec. 22, after 11 months service with the armed forces in Germany. He came home on terminal leave and expects to get his honorable discharge this week.

Sgt. Klass has served in the army since July 17, 1944. He plans to enter school.

Through his travels in Europe while stationed there Sgt. Klass has made some close observations of conditions.

Evangelistic Services To Be at Legion Hall

Evangelistic services will be held each evening except Monday at 7:30 o'clock in the American Legion hall until January 19.

Owing to previous reservations of the hall, the meetings will not be held Friday, Jan. 10, and Thursday, Jan. 16, the committee announced.

Invitations sent out did not name the denomination sponsoring the services.

FOREVER BLOWING BUBBLES!

World's Champion in Bowling to Appear at Antioch Lanes Jan. 15

Paul Krumske, captain of the world's champion Meister Brau bowling team, will appear at the Antioch Recreation lanes from 2 to 5 p. m. Wednesday, Jan. 15 in an exhibition match and for instruction in bowling.

The public is invited, according to the manager of the recreation center.

Krumske will roll a three-game match against Dick Stroner and after this match he will give a talk on bowling fundamentals. He will give

PAUL KRUMSKI

an exhibition of spare bowling, and will endeavor to answer questions on the problems of bowling, devoting an hour to individual instruction.

Krumske was the world's match game champion in 1945, and doubled with Joe Sinke in winning the world's doubles match game championship in 1946. He held the highest league average of 222 pins for 96 games; had the highest league series with 817 score for three games; and was co-holder with Adolph Carlson (four games doubles) in the world's record 2,009 pins.

Krumske has been picked as a member of the All-American team for four consecutive years.

Rural Patrons Respond To Requests to Remove Snow From Around Boxes

The ready response of rural patrons of the Antioch post office to the request to clear driveways of snow to the mail boxes was greatly appreciated by the carriers, Postmaster Roy I. Kufalk announced.

Nearly every one of our 1,300 patrons did something toward making the mail box accessible, Kufalk said.

Kufalk came up with another request which he hopes will find as ready response this spring. He wants all patrons to have their names on their mail boxes.

"This is a postal ruling," he said. "Regular carriers are not dependent on the names, but substitute carriers are."

The postmaster said the rural patrons were very considerate of the carriers during the Christmas season. Only a negligible number asked them to purchase and place stamps on their mail, which is as it should be, Kufalk said.

American Legion Forms Six-Team Inter-Village Basketball Conference

A six-team league of American Legion basketball quintets will be organized this evening, Edward Frazier, manager of the Antioch team announced today.

The league probably will comprise Zion, Grayslake, Fox Lake, Richmond, Wauconda and Antioch and while late in organizing no doubt will see keen competition before the close of the season.

At tonight's meeting the schedules will be worked out.

Antioch's Legion team gave an example of what it is capable in defeating Libertyville Legion on the local floor Monday night 54 to 29. Antioch took the lead early and was never in great danger. A large crowd accompanied the Libertyville team, but the Antioch rooters were comparatively few.

Infant Son of Lake Villa Man Dies In Brooklyn, N. Y. Jan. 7

Peter Gordon Collins, son of Donald Collins of Lake Villa, died on January 7 at Fort Hamilton, Brooklyn New York. It is believed that he became ill during the trip from Manchester, England, while being brought to this country by his mother, Mrs. Donald Collins, who became the bride of Donald Collins, May 19, 1943 at Manchester.

The body was transported to Antioch, arriving today.

Funeral services will be held Saturday at 1 o'clock from the Strang Funeral home. The Rev. Ray Pierson of Lake Villa will officiate.

Mrs. Collins, nee Florence Vickers, left England with her son on December 19, arriving in New York on December 29, to join Mr. Collins who had been returned to this country and discharged from the 8th air forces. Illness of her son had prevented continuing the trip to Lake Villa. She accompanied the body to Antioch.

Surviving besides the mother and father, are a grandmother, Mrs. Agnes Collins of Lake Villa, and his grandparents in England. Burial will be at Naperville Cemetery, Naperville, Ill.

Men To Entertain At Jan. 13 Meeting Of Grade School PTA

Don Berkheiser and Elmer Baethke will be in charge of entertainment for the Antioch Grade school PTA meeting to be held Monday evening, January 13th.

Refreshments will be prepared by the fourth grade mothers, but will be served by the men.

Speaker for the evening will be Mrs. Nelson, of the district PTA office of Lake County.

A report will be given on the distribution of Christmas goodies to pupils of the school. About 350 children were provided with treats which were distributed by the teachers of the various rooms. The PTA financed the cost of the gifts.

Village Water Pure, Safe for Drinking, State Chemist Says

Recent Shut-off Causes Protests—Delinquencies Also Reported

Antioch has pure safe drinking water, the village board has been notified by Roland R. Cross of the department of public works, Springfield, Ill.

"The director of the sanitary water board said that the report of Engineer T. E. Philbin as of Nov. 21, said Antioch has "safe sanitary quality of water which is safe for drinking."

Thirty samples were taken by Philbin. He recommended to the village that it obtain some smooth-nosed sampling taps for each well so that better samples can be taken.

The report on the village water opened a discussion on a series of events and situations at the board meeting Tuesday night.

The recent lengthy shut-off of water on South Main st., developed many complaints and some of the trustees are of the opinion that two or three cutoffs be placed at various points on that street so that the lengthy discontinuation of service over such a large area will not be repeated.

There were demands for either an increase of water rates to customers outside the village or discontinuation of service. President George B. Bartlett said the five-year agreement with the customers outside the village had expired long ago.

A report of delinquency of 11 water bills came as a big surprise to the board and immediate collection will be sought under penalty of discontinuation of service.

Plan Second Fox Hunt for Jan. 19

Tentative plans for a second hunt in the drive against foxes by the Antioch Hunting and Fishing club set the date for January 19. Dr. D. N. Deering, president of the club, said today that all men of Antioch and surrounding communities who are interested in taking part should arrange five or six man teams and contact him by telephone at Antioch 4, or call the Antioch News at Antioch 43.

By organizing the hunt in this way, plans can be changed in case of inclement weather or other causes which would call for the hunt to be postponed.

Information as to the exact location of fox dens is also desired by the club, and any farmers who know of fox dens are urged to call the above numbers, so that club members may take steps to get rid of the foxes.

Plans for the hunt call for assembly of the hunters at Lake and Main streets at 9 a. m. on Sunday, January 19th. Since more than 80 hunters reported for the first hunt, it is believed that a large number will be on hand to take part in the hunt on the 19th.

Fishing Mishap Calls Squad for First 1947 Run

The first 1947 call on the service of the Antioch Rescue squad was caused by an ice fishing mishap when Glenn Hanks, North Chicago, fell while walking on the ice preparatory to starting to fish.

The call was received at 12:40 today and squad members went to Petite Lake where the accident had occurred. Hanks, who is a cab driver, had been injured in an automobile accident some time ago, and one knee cap had been removed at that time. This caused the injury from the fall on the ice to be serious.

Members of the squad gave him first aid treatment and took him to Victory Memorial hospital, Waukegan where his doctor awaited his arrival for further treatment.

Royal Neighbors to Meet

The Royal Neighbors of America will meet Tuesday evening. There will be an exchange of box lunches.

Who Pays For Air Transport?

"Both governmental sources and competing transportation services in recent years have emphasized the thesis that airlines are not paying the full cost of their operation," says Business Week. "Specifically, they accuse the air companies of receiving what amounts to a subsidy through municipally-operated, tax-supported airports and Federal government operation of such safety features as emergency landing fields and radio beacon systems."

"Proponents of this view point out that such subsidies were necessary and proper when air transportation was an infant industry. . . . But now, these advocates say, the airlines have reached adulthood and should be required not only to forego future subsidies, but also to contribute a greater share of the nation's tax revenue."

This issue is coming to a head in Rochester, New York, whose municipal airport must be enlarged due to the advent of 50-passenger planes. The City Manager and the Commerce Commissioner both feel that the airlines should shoulder a fair part of the cost. In arguing this, one of the officials observed that the railroads, with which the airlines compete for passenger business, must not only build and maintain their own stations, but pay heavy property taxes on them to the city, while the terminal used by the airlines costs the city money both for construction and maintenance.

This problem must be faced by many other communities whose airport, accommodations are becoming obsolete as bigger planes and more planes throng the skies. It is not a matter of retarding the logical growth of air transport. It is, instead, a matter of properly and fairly allocating and sharing the cost of the facilities required.

\$300,000,000,000 In The Red

The war has been over more than a year, the country is undergoing a spending boom, employment is at an all-time high, tax revenues are unprecedented for peacetime—and the budget remains unbalanced. There, in a nutshell, is the discouraging fiscal picture as it exists in this nation today.

We are demonstrating an extraordinary irrespon-

sibility so far as our national credit—on which the credit of every individual and every business must ultimately depend—is concerned. It is true that the President has ordered some reductions in the Federal establishment, and that minor cuts have been made. But almost nothing has been done in the direction of real economy.

This is a suicidal policy for a country with a \$300,000,000,000 public debt. It is a policy whose consequences must be more inflation, more dollar depreciation—and, if it is not checked, ultimate bankruptcy. Government economy now means infinitely more than saving a few million or billion dollars. It means the preservation of our institutions and our way of life.

Cynical politicians regard retrenchment as bad business in an election year. The nation, on the other hand, should see retrenchment in its true light—as a necessity if every dollar of savings, in life insurance, war bonds, or other investments, even the dollar itself, is not to become worthless.

* * *

Phony As A Lead Dollar

A short time ago two employees of an organization in the state of Washington whose business is to urge public ownership of electric utilities, were discharged because of "their Socialist party activities." Commenting on that action, the Spokesman-Review of Spokane, Washington, said: "Why an organization engaged in promoting an outright experiment in socialization should fire employees for engaging in 'Socialist party activities' is not . . . comprehensible."

"Obviously it is not Socialism that they object to, but it is having the movement they are promoting called by its right name. Even this objection is not ideological. It is strategic. They think that in this case honesty is the unwisest policy. They fear to acknowledge that their program is pure Socialism because they know that offered under its true brand it would meet with much greater sales resistance."

Government ownership of electric utilities is Socialism—precisely as government ownership of grocery stores, insurance agencies, machinery manufacturers or any other enterprise would be Socialism. And the fact that the proponents of power Socialism camouflage themselves with such vainglorious and inaccurate titles as "liberals" shouldn't confuse the public which will eventually decide the issue. As the Spokesman-Review intimates, such disguises are as phony as a lead dollar.

In older and more honest days, battles of principle were fought under the right titles. On the one side we had "capitalists"—which means all those who believe in the maximum of individual freedom and opportunity for all. On the other side we had "socialists"—those who believe that government should own and operate the basic productive resources of the nation. It would be a good thing if we turned back the clock, and again called things by their proper names.

'TIS the beginning of the New Year and once more we present our Readers with our Almanac for the ensuing Twelvemonth. Again its monthly verses are transcribed from ingenious Authors and other Almanac Makers. Again the ensuing Things to be Bourne in Mind are the Editor's. These Admonitions have to do with Household Observations and Aspects and other Pleasant things; to which has been added profitable Prognostications for 1947.

COURTEOUS READER, The monthly Verses I have again this Year transcribed from several ingenious Authors; but the ensuing Admonitions I offer you as something of my own, not borrowed nor stolen.

JANUARY

A chap never feels 't need on a holiday
As much as on 't' day after he's had one.

JOHN BASTLEY

New Year's Day, a time for introspection; shortcomings are reviewed with Candor & Clarity; the recent past in retrospect affords the most arguable alibi; the future holds anxiety. Be not fast by the indications of guilt of a moment; but resolve to look to the well-being of your household in the year to come, not forgetting your appliance servants.

MARCH

Forward of April
March and May are all
the same; the other two are
the worst that it's ever had.

ROBERT BROWN

Dirty traveling steps for the
new year. Be on guard
against sudden colds. Employ
vaccines throughout your
year; not only in the sick-
room, to repel noxious germs.
Let your best lamp offer solace
to making joints; the back of
your neck, & such like.

FEBRUARY

On St. Valentine's day, as rare as the cloud
That Socrates will answer the peasant's knotty
The warden, the warden, the warden, the warden.
Will some days be warmer and some days be colder.

WILLIAM HARRIS

Manual aspects are happy for lovers this
month. There is strong probability of the
14th day being attended with great Ardour
the length & breadth of the land. However,
the weather remains cold. And although the
days grow in length, the sun spreads gradually
of his beams rays. So let us turn to our
lamp which gives a most lively colour to our
complexion whilst making amends for Sol.

APRIL

At Easter let your Clashes be
Or else be sure you will it rue.

ROBERT BROWN

A viable conjunction of Flurry & Vesky in
many places, and, alas, of Evvy & Angvick.
For as elegant attire is an ornament to her
Beauty, so is a shining house to the Virtue
of a woman; she will enlist vacuum cleaner
& attachment; washers; plentiful effusion of
hot water. And heavy in regard to nothing
worth if a man has not dressed his garden
properly; how can he keep it if he does not sow?

Hobby Display Made At Monday Meeting Of Woman's Society

Seven different displays, the results of hobby collections were made at Monday afternoon's meeting of the Antioch Woman's club at the home of Mrs. Einar Petersen.

China, glass, jewelry, buttons, statuary figurines were among the exhibits. An old china coffee pot and pressed glass bottles caused comment. Luncheon was served to 24 persons by the hostesses, Mrs. M. M. Stillson, Mrs. Elmo Edwards, Mrs. Thomas F. Hunt, Mrs. T. R. Birkhead and Mrs. Petersen.

The next meeting of the club will be on January 20 at the home of Mrs. E. J. Hays. Alfred J. Hotz will give "The Iron Curtain." Hostesses are the Mesdames F. J. Arnold, G. Bacon, E. J. Hays, and F. Pechousek.

St. Ignatius Ladies Guild Elects Officers Wednesday

The St. Ignatius Church ladies Guild elected officers at their meeting Wednesday afternoon at the home of Mrs. Fred Hawkins.

Mrs. Donald Stowe was elected president taking the place of Mrs. W. H. Osmond who had served for nine years. Mrs. Ethel Adams was re-elected treasurer and Mrs. Lucille Patterson was re-elected secretary. Other officers are Mrs. Fred Hawkins first vice president and Mrs. Ernest Brook, second vice president.

Vivian Ruth Malek and Ralph Lyle Bethke, Jr. Wed at Berwyn, Dec. 28

In a candlelight ceremony at 6 p. m. on Dec. 28, 1946 in St. Michael and All Angels church in Berwyn, Ill., Miss Vivian Ruth Malek, daughter of Mr. and Mrs. George J. Malek, 2426 Clarence Ave., became the bride of Mr. Ralph Lyle Bethke, Jr., son of Dr. and Mrs. Ralph P. Bethke, of Huron, S. Dak.

Miss June Marie Malek, bride's cousin was maid-of-honor and bridesmaids were Miss Pearl Fredricks, her very dear friend, and Miss Rosemary Malek, of 7045 Parkway, whose seven year old sister, Virginia was flower girl, both cousins of the bride.

Mr. Glenn Bethke, brother of the groom was his best man. On the usher list was Mr. Warren Goethal, the groom's boyhood chum, also of Huron S. Dak., and Mr. Charles Kolar, 3435 61st Ave., Cicero, Ill. The brides' little cousin, Robert Woods, 2217 East Ave., was the ring bearer.

A reception immediately following the ceremony was held at the Old Prague. The table decorations were beautiful and after a delicious turkey dinner which Old Prague is famous for, there was a happy mingling of old and young dancing to the lively music played by the Old Prague orchestra.

Out of town guests were Dr. and Mrs. Ralph P. Bethke and son Glenn. The bride's grandfather, Mr. James Babor, of Bristol, Wis., Mr. and Mrs. George Bethke, of Raymond, S. Dak., Mr. Kermit Koehnpp and Mr. Warren Goethal, of Huron, S. Dak.

Mr. and Mrs. Henry Reinke, of Waukegan; Mr. and Mrs. Ray Van Dornon and son, Louis, Mr. and Mrs. William Haddican, of Kenosha, Wis., and Mr. and Mrs. Alfred Mroz and son, John, of Lake Geneva, Wis.

The bride couple are making their home in Vermillion, So. Dak., where both are attending the State University.

Recruiting Officers to Come to Antioch Each Thursday for Enlistments

An army recruiting team will visit Antioch every Thursday, making its headquarters at the post office.

The team will consist of three recruiting sergeants, Sgt. C. H. Spear, W. E. Harris, and Sgt. H. M. Jones.

Young men between the ages of 17 and 34 without prior services and veterans with prior service who desire information about the benefits to be gained by enlisting in the army will be able to contact one of these men at the post office between 1:30 and 3:30 p. m., Thursday.

The G. I. Bill of Rights is still in effect, and is now on a month-to-month basis, the officers said. Twelve months are credited for enlisting in the army and then for each month of service the trainee gets a month of educational benefits in college, trade or business school.

SUNDAY DINNER

Suggestions

LAMB in all its many forms has long been a staple food on the American dinner table. Originally introduced to the Americas by the explorers from the old world, it was adopted as part of the regular menu by the first settlers.

At one time in our national race to lead the world, sheep and their raising assumed such a great importance that many men lost their lives in the dispute over whether sheep or cattle would use the great grazing lands of the west. Even today a cattle man and a sheep raiser have little in common. Cattle men have always claimed that sheep eat the grass so close to the roots that after they pass no beef cattle can again use the range for some time.

Lamb has many uses on the American dinner table, according to the A & P Service for Home-Makers. The most used are leg of lamb and the lamb chop. However, lamb lends itself more than well to the stew pot or to a real curry.

Stews are great American stand-bys and quite often there is a goodly quantity left over after a meal. A good use for this leftover stew is Shepherd's Pie. This is made by lining a baking dish with hot mashed potatoes and filling the center with hot stew. Cover with additional mashed potatoes and place in a hot oven at 425 degrees for 15 minutes or until the potatoes are brown.

For Sunday dinner try a tomato juice cocktail, roast leg of lamb, mashed potatoes and fresh green peas. Follow this with a dessert of canned peaches and a beverage.

Mr. and Mrs. Harry Schumacher and family returned home to Arkansas after spending the holidays with their parents, Mr. and Mrs. Sol La Plant.

Miss Joan Felter spent Thursday with Miss Catherin Lackland, of Chicago. They were the guests of Edward Morton and Willard Engle at dinner in the Empire Room of the Palmer House.

Mr. and Mrs. Adolph Helm, proprietors of Adolph's Channel Inn, are spending a few months in Winter Park, Fla.

Mrs. George Peterson returned home recently from Victory Memorial hospital, Waukegan.

Mr. and Mrs. C. L. Heath left Antioch Friday for a months vacation trip to Corona, California. They plan to visit Mr. Heath's mother, Mrs. Luha Heath.

Mr. and Mrs. Fred Stahmer left today (Thursday) for Collinsville, Ill., where they will be the guests of Mr. and Mrs. C. Molinari.

Rail Profits

Only 3 times in the last 34 years—a period over which very complete Interstate Commerce commission records are available—have the railroads earned profits as great as 5 per cent. In 1942 their profit was 5.50 per cent; in 1917, 5.02 per cent, and in 1916, 5.90 per cent.

Restore Taste

A simple way to restore the fresh fruit flavor to canned orange juice or other canned citrus juices is to pour the chilled juice back and forth from one tumbler to another just before serving. This adds air, which is naturally present in fresh juice but is removed during the vacuum canning process. Much of the "different" taste in properly canned juice, especially in orange juice as it comes from the can, is actually an airless taste which largely disappears when air is added.

Lake-Cook Farm Supply Co. Will Pay Dividends During Meeting at Des Plaines

The board of directors of the Lake-Cook Farm Supply Co. announce that the nineteenth annual meeting of the stockholders will be held at the Rand Park Field House at Des Plaines, Ill., on Thursday, Jan. 16.

Owing to the many business details to be taken care of that day, all of those interested are urged to be there at 10:30 a. m. when the meeting is called to order by Ed Harris, of Grayslake, President of the Company.

The meeting will be of interest to many farmers of Lake and Cook Counties, as the largest dividends in the nineteen years' history of the company, \$100,000, will be paid out that day. Besides this dividend payment, interesting reports covering the million and a quarter dollar volume which was done, as well as plans for the large expansion which is taking place, will be discussed.

The entertainment committee has been unusually fortunate in being able to obtain Fred E. Herndon, President of the Illinois Farm Supply Company as the main speaker of the day. Also, other attractive entertainment will be on the program.

The famous "Lake-Cook Lunch," which has become a standard of "Free Lunches" in the territory, will again be served by the Lake-Cook Employees.

Everyone is urged to attend, and everything is free.

Potent Poison

"1080" is a new, poisonous chemical that can be used only by a licensed pest-control operator. Rat die from it almost immediately, but it is also deadly to humans and all domestic animals.

Ancient Weaving

The ancient Peruvians were weaving textiles 2,000 years ago which would do credit to modern looms, says a University of California anthropologist.

Accident Rate Soars

In the snow belt states, traffic death rates, based on mileage, are 24 to 53 per cent higher in winter than in summer.

Slaughter Weather

Frosty weather is hog killing weather because it takes near-freezing temperatures to cool down the 100 degree heat of a freshly slaughtered carcass to below 40 degrees in 24 hours.

Wash Tests

In tests, wool baby clothes were washed less successfully with detergents than soap because they did not remove food stains too well. Silk hose, laundered more frequently than other silk garments, washed successfully with either soap or detergents in tests.

Regulate Growth

By controlling both the temperature and length of day for chrysanthemums, Cornell research men have found it is possible to produce blossoms any time of the year.

Reduce Friction

To locate old drainage tile in your field have a ball bearing—measuring about five-sixteenths of an inch in diameter—welded to a hard steel rod which is about a quarter of an inch across and 4½ feet long. Make a handle on the end opposite the ball bearing. Probing the soil with the rod will be easier because friction is reduced.

The Woman's Society of Christian Service has a treat in store for the meeting of Jan. 22. As a special guest and speaker, they are fortunate in having Miss Una Minto, a Missionary to Africa, now home on furlough for the first time in more than twenty years. All the women of the church are especially invited to attend this meeting.

The church remodeling and improvement got under way last week when a new ceiling was placed in the auditorium and lecture room. More improvements will be made in the spring.

Cedar Lake Camp Royal Neighbors will hold its next regular meeting at the hall on Tuesday evening, Jan. 14, to plan for installation on Jan. 28. "Secret Pals" will be revealed and new names drawn for the year.

Mrs. John Galliger and two children left early this week to join her husband who is with U. S. forces in Austria. It has been some months since plans were started for this trip and they expect to be gone for some time. We wish for them a pleasant trip and a happy year.

The Official Board of the Community church met Friday evening this week with Mr. and Mrs. Delbert Sherwood.

Mr. and Mrs. Charles Rothers and daughter and two friends from Chicago spent New Year's Day with Mrs. Rothers' parents, Mr. and Mrs. Albert Kapple.

Mrs. Herman Ducommun visited her mother at Rhinelander, Wis. last weekend.

Mrs. Marie Hamlin returned home early this week after having spent nearly a week with relatives in Chicago.

Mr. and Mrs. Philip Wagner, Sr., who sold their farm on Grayslake rd., last summer have moved into the Hunter house on Grand Ave. We are glad to welcome them to the village.

The ladies of the Sewing Club enjoyed a luncheon and a social afternoon with Mrs. Pedersen on Thursday this week and celebrated the birthday of Mrs. McGlashan and it was also a farewell party for Mrs. Swanson, who, with her husband, expects to leave soon to visit her daughter in Dallas, Texas.

Mrs. Ruth Pollard, of Lake Forest, spent last Thursday with her parents, Mr. and Mrs. G. Swanson.

Mr. and Mrs. John Meyer, Jr., who were married on Thanksgiving Day, have gone to housekeeping in the Andersen cottage on Oak Knoll Drive.

Mrs. William Weber and children, Sue and William, Jr., arrived home Sunday afternoon from St. Petersburg, Fla., where they spent Christ-

mas with Mr. and Mrs. James Connell. He returned to Kemper Hall in Kenosha to resume her studies on Tuesday and William, Jr., reported at Lake Forest Academy on Wednesday. Mrs. Leo Barnstable and Mrs. Edna Botts visited the Senior Botts family at Marengo on Sunday.

WILMOT

Mr. and Mrs. Mathew Thom and son were guests Sunday of Mr. and Mrs. Charles Whitler at Bristol.

The Wilmot Ski Hills were in operation over the weekend and catered to several hundred who enjoy skiing. The hills are only open on Wednesday afternoons and weekends.

Mr. and Mrs. Herman Frank visited John Frank, who has been ill, at the Frank Zarnstorff home in Richmond, on Sunday.

There will be instructions for the children of the Holy Name parish at the church at two o'clock on Saturday afternoon.

Saturday guests of Mr. and Mrs. Cyril Pacey were Floyd Pacey and daughter, Sandra, Kenosha, and on Sunday Mr. and Mrs. Roy Haller and sons, from Kenosha.

Sunday school at Peace Lutheran church is at 9:10 and worship at 10:00 a. m. on Sunday.

Guests of Rev. and Mrs. R. P. Otto on New Year's Day were Rev. and Mrs. Carl Otto, Robert Otto and Dr. T. M. and sons, Ted and Tommy, from Wauwatosa.

Gertrude Lenz and Agnes Nett have returned from a two weeks stay at Miami, Fla.

Donald Hennessy, Silver Lake, spent the last of the week with Dick Carey.

Eunice Stoxen returned to White-water Teachers College Sunday after a holiday visit with her parents, Mr. and Mrs. Ray Stoxen. She was a guest of friends at Two Rivers, Wis., for several days during the vacation.

Lt. Keith Hegeman returned to Chanute Field on Sunday after a vacation with his parents, Mr. and Mrs. Leland Hegeman. Ardy's Hegeman returned to Burlington on Sunday after the holidays in Wilmot.

Mr. and Mrs. Harry McDougall, Mr. and Mrs. Lyle McDougall, Mr. and Mrs. Russell Elwood and children were guests New Year's of Mr. and Mrs. Don Herrick, at Oak Park.

Grace and Ermine Carey were dinner guests New Year's Day of Mr. and Mrs. Wallace Dobyns at McHenry.

U. S. Headache,
Strikes Hurt**

1,075 Aliens Caught Coming Into United States Without Papers.

NEW YORK. — Port authorities and shipping officials of the United States, hampered by recurrent shipping strikes and limited commercial sailings, are contending with the greatest stowaway problem since immigrants first began coming here.

W. J. Zucker, acting director of the Immigration and Naturalization service office in New York, said that not even before World War I, when the United States had no immigration quotas, was the stowaway problem so serious.

"Free Riders." From July 1, 1945, to August 30 this year, immigration officers caught 1,075 "free riding" aliens who had reached the United States from abroad without papers and without cost.

They came from nearly every country in the world, but especially from Britain, France, Italy, Spain, Cuba and the British West Indies.

Greatest number of illegal entrants came from Le Havre, France. Most of the 189 Spaniards and 60 Frenchmen apprehended during 14 months left from there.

Next major embarkation point was Naples—revealed in the apprehension of 119 Italian stowaways. Southampton, England, was third with 105 stowaways.

These immigrants-in-hiding have ranged from 6 to 60 years of age with almost 5 per cent of the total women.

Not all the "free riders" are foreigners.

Many are American citizens who have no fear of violating immigration laws. Among them are naturalized citizens who were caught in Europe when the war started.

Blame European Ports. Others are American seamen who left their ships in European ports and could not find jobs for the voyage home.

Unsettled conditions in European ports are considered largely responsible for the stowaway increase.

Some find it easy to circumvent the sketchy guard system. Others working as longshoremen just "forget" to go ashore at sailing time.

Recently, the Queen Mary arrived from Southampton with 10 stowaways. Three came in aboard the Vulcania—after a trip on which the ship had returned to Italy to put ashore 13 others discovered aboard the first day out.

Most stowaways are returned to the country they came from. But if they repeat the performance, or if shipping companies lodge complaints against them, they may suffer penalties of \$500 fines, a year in prison, or both.

Of the 1,075 stowaways caught, only 13 still are in the United States. These few included fiancées of American war veterans, some orphan boys adopted as mascots by troops overseas and others whose well-being and care in America is assured by responsible citizens.

Others were deported after hearings before U. S. department of justice officials.

**Wife Slayer Given
99 Years in Prison**

CHESTER, ILL. — Daniel S. Clifton, 36-year-old railroad section gang foreman, was sentenced to 99 years in prison on his plea of guilty in circuit court to the murder of his wife. Mrs. Clifton's decapitated body was found along the Gulf, Mobile & Ohio railroad tracks near Sparta the morning of June 1.

High School Student Admits He Made an Attack.

MALIBU BEACH, CALIF. — Fifteen-year-old Joel Dean Penny bragged of his accuracy in throwing a hunting knife that gashed the throat of a playmate who fought off his attempts to attack her.

The girl, Cherri McBride, tiny for her 11 years, was in critical condition in Santa Monica hospital with a throat slash near the jugular vein and numerous head gashes. She was semiconscious from loss of blood and given only a 50-50 chance to live.

Smiling as he talked, Joel, a lean, blond high school student, confessed attacking the girl in an abandoned house. Police said he appeared as unconcerned as if he had been raiding a cookie jar.

"I don't know why I did it—I just decided to," he said.

He admitted trying to attack the girl, investigators said, but was prouder of his prowess with a knife. "She hit me with a switch, so I backed up and threw my knife at her," he said. "I was a couple of feet away, at least."

The knife cut a long gash along the girl's neck, and she fell to the floor unconscious. Panic-stricken, he dragged her to a hole under the house, felt her pulse and left her shortly.

Then he went home, washed the blood off his knife and went back to spading his father's garden.

Cherri was found hours later by her 13-year-old brother, who heard her faint cries for help.

"That's him, the dirty rat," she said when confronted by Joel.

**Foster Mother Is Awarded
Custody of Child by Kiss**

NEW YORK. — A foster mother won by a kiss in a custody suit involving little Gerald Olsen, a red-headed two-year-old, in the Bronx Supreme court.

Two years ago the child's real mother, Mrs. Lillian Olsen, gave him into the care of Mrs. Norma Orrico. The mother, in court seeking to regain custody, told the judge she had given up her baby during the time she was estranged from her husband.

Mrs. Orrico refused to give the little boy up, saying she had come to love him as her own. Justice Benjamin Schreiber let the boy decide. He said:

"Go to your mother and give her a kiss."

Without hesitation, Gerald ran to his foster mother. The judge awarded her the decision.
